- CELTA & PTTLs – University of Cambridge, UK
- Certified teacher educator – University of Cambridge, UK
- Certified TESOL Practitioner- University of Oxford, UK
- Certified IELTS Trainer- London teachers Training College London, UK
- Teacher training consultant
- Professional Development Specialist

Objectives:

- What is “teaching”?
- What is “learning”?
- Who is an effective learner?
- What are the best teaching practices?
- What should our lesson be like?
- What should our classroom look like?

One day, Teachers Training workshop was held on the topic: “Pedagogical Approaches to Teaching and Learning” at Pakistan International School Jeddah. Workshop began with the recitation of Holy Quran. Groups were improvised subject wise to gain maximum outcome from the workshop. The mentor presented the subject matter by involving the trainees in discussion. Variety of activities were assigned to the teachers to put them in real situation such as pictures, different strategies and some well-designed activities etc. Participants were vibrant, took keen interest and appreciated interactive learning. Teachers learnt different pedagogical approaches which are very effective in our environment of learning and teaching.

Conclusion

Prof. Zulfiqar Ali’s approach was professional and practical. Overall participants are satisfied and learnt new pedagogical approaches which they will apply in their class rooms to make them more interesting and effective.
